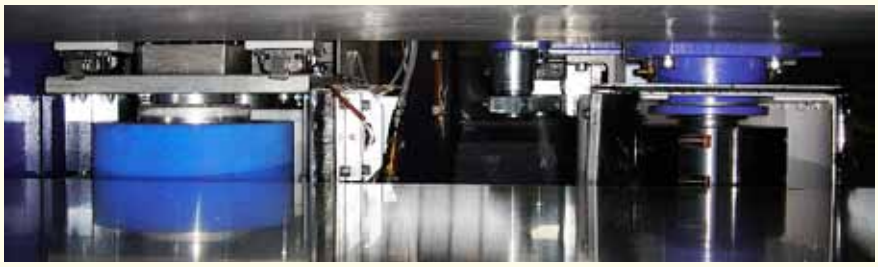
PULCHRA-*millcut*

Double knife veneer jointing guillotine with fine-milling unit and glue applicator

A GUILLOTINE COMBINATION WITH THE OPTION TO JOINT, MILL AND/OR GLUE VENEER BUNDLES

UNIFORM AND PRECISELY DOSED GLUE APPLICATION

A processing accuracy, which is only possible through the combination of jointing cut and fine milling, immediately followed by direct glue application – whilst the bundle is clamped.



HIGH CUTTING QUALITY AND PERFECT SQUARED-EDGE CUT

To achieve a perfect square-edge cut - even where difficult veneers and soft wood is being processed, the guillotine is equipped with a fine milling unit.
